

ADAIR COUNTY NEWS CO.
 PUBLISHED WEEKLY
 WED. NOV 11, 1933.
 In last week's issue we could not give as full a report of the election as we had hoped, due to the fact that the wires are not giving good service, but our figures on the result in Kentucky were not too high since the official count is leading in the direction of 50,000. As reported in last Saturday's Courier-Journal, Mr. Beckham's plurality over Mr. Barkley was 21,000 with 60 precincts to lead from, which would be material after our current figures of the strong endorsement. From what we are able to learn, it was one of the most orderly and fair elections held in this State for several years, a strong endorsement of Democratic principles and a severe rebuke to Republican policies. From the very inception of the campaign the Republican party introduced the issue of Democratic incompetency to manage the State, their whole feeling toward the men charged with the murder of Wm. Goebel and the record of our present State administration. On each proposition they were chasing the rain and imagination leading to the fact that from whence they are likely to return for many years hence. It was a hard struggle, made for us by prejudice and passion, to vote impartially and to result in the election of judicial power in the State and the conviction of those charged with the assassination of an honored Democratic leader three years ago. But they were not to be deterred from their course. The Republican party has been defeated in this election. The result is a hard struggle, made for us by prejudice and passion, to vote impartially and to result in the election of judicial power in the State and the conviction of those charged with the assassination of an honored Democratic leader three years ago. But they were not to be deterred from their course. The Republican party has been defeated in this election.

Barren county did herself proud when she gave Beckham 1128 majority.

The Republic of Panama has been recognized by this Government.

The amendment to the Constitution carried in the State by 12-1 of 15,000 majority.

A Montana white girl was sent on merry in and she took a Chinaman, the son of her uncle's cook.

It took very much like Dr. Hunter has lost out. Edward's patents are being used in a majority of the counties, Adair being one of the number.

Prof. John Augustus Williams, one of the most widely known educators in the State, is dead at Harrodsburg. He was also a prominent lecturer on Masonry.

It is our understanding that W. H. Sweeney, who was defeated for Commonwealth's Attorney in Judge Patterson's district, will remove from Lebanon to Louisville.

It was reported here the day after the election that Wayne county gave Beckham a small majority. The smallness was the other way. Belknap carried it by seven votes, but a Democratic Circuit Court Clerk was elected.

Mr. James Dobson informed us a few days ago that the good people of Sparta would erect a handsome church in their town.

Mr. John Dickson accompanied his father to York Lock where they will visit the family of Mr. Milton Hill.

Mr. B. A. Walker and family will remove to Columbia next Thursday. We regret to hear that Mr. Walker has decided to leave.

Mr. J. T. Caldwell's farm last week, for \$200.00. We trust the Mr. Caldwell and his family will be as well as they are.

We do not want a house with any more work and stress of the body than the house we have. It is a very good house and we are not going to sell it for \$200.00. We are not going to sell it for \$200.00.

She had almost fifteen many of her little girl associates who had grown to young womanhood during her absence but it did not seem to be so much of a separation. She was going to be reminded of childhood "pranks" and many happy remembrances were brought before her. Her stay in Columbia was made exceedingly pleasant and her friends regretted to see her again take her departure.

Ed W. K. Adair entertained a large audience at the Christian church last Sunday night on "The Politics of Politics." He did not speak from a pulpit, but from a platform, and his delivery was so good that many mistakes were made by the two leading parties by failing to get forward and awaiting measures that he considered would be of great benefit to the common people. He took the position that there is no difference in the Democratic and Republican parties upon the far of question and denounced in strong language the buying and selling of votes. He closed the buyer lower than the seller, and prayed that a better election system might be brought about, the present methods of treating voters being not only demoralizing, but also a disgrace to the country. A fair count would go a long way toward bringing about a better state of affairs.

Sometimes ago Dr. James Triplett, formerly of Columbia, but now of Campbellsville, invented a fire escape which he destined to make him a large sum of money. After securing a patent he went to Louisville, had one made, which has been thoroughly tested by the fire department of that city and pronounced a success. Last Saturday in Louisville a Company was formed by filing papers in the Jefferson County Clerk's Office. The capitalization is \$50,000, divided into 500 shares of \$100 each. The incorporators are J. E. Guady 167 shares; Dr. James Triplett 167 shares and J. I. Davis 166 shares, all of Campbellsville. Arrangements were made with a manufacturing company to put the apparatus on the market. The machine works on pulleys and is fastened to the window of a house from which you are escaping. There are two baskets, and as a person goes down in one the other one comes up.

Do not forget that there is a rare treat in store for all those who will attend the literary entertainment at the court-house on the evening of Thanksgiving by the ladies of the Baptist church. A talented eloquent

board for the town of Columbia, elected the 3rd of this month to serve two years: Dr. J. N. Page, G. W. Robertson, Frank Sinclair, J. N. C. O'Leary and W. D. Wilson. It is understood that after qualifying Dr. Page will be chosen Mayor, a position that he has held in the past, making a splendid

choice.

Mr. John Renner Coffey to Miss Mary Emily Coffey.

Invitations to the marriage of the above named couple have been sent out. The happy event will occur at the Presbyterian Church, this city, Thursday evening (Thanksgiving) November 26, 1903, at 7:30 o'clock. The high standard of the contracting parties is not only known in Columbia, but extends throughout the bounds of their acquaintance. At home there is not a more popular gentleman than the intended groom. Every body is his friend and he is a friend to everybody. The intended bride has been a favorite in this community from the time she became a resident, ten years ago. She possesses a lovely disposition and a noble Christian character. All the arrangements for the marriage have not yet been completed, hence a fuller account will appear in the News the day before the ceremony.

There will be no written invitations extended to home friends, but every body is cordially invited to be present and witness the solemn rites which will be performed by Rev. J. F. Sprague, of the Baptist Church.

ADJUSTED.

Having fully adjusted and settled the unpleasant controversy which has existed between us for sometime, we do now each with a clear conscience and regretful statement made against the other and forgive the error Nov. 7, 1903.

\$5.00 will buy a nice jacket at W. L. Walker's, worth double the amount.

I will sell all men's suits and overcoats at cost for the next 15 days for cash. W. L. Walker.

A very light robe is being pulled in this county in the three-colored race for Congress. White will probably carry the county.

The Masonic Fraternity of this place will be kept busy from now until spring. The Blue Lodge and Chapter are rapidly gaining members.

I have a large and well assorted stock of outing in all colors, nice heavy ones at 50 per yard.

W. L. Walker.

Mr. W. H. Dixon will please accept the thanks of this office for a basket of Jonquils apples, the largest and most delicious we have seen this year.

Lost between Columbia and Campbellsville, a ladies' black jacket, silk lined. The finder will please leave it at this office. Miss Ethel Asbell.

Don't fail to see Walker's line of ready made skirts. They are beautiful, they are cheap and up to date.

Now is the time to transplant fruit trees. If they are set at this time, when spring comes they will be firmly in the ground and ready to grow much earlier than those put out in April or May.

In passing around the square shops are now stopping in front of Russell & Murrell's store and take a look at their new windows. They are artistically dressed with the very latest designs in china ware, lamp pictures, etc., a beautiful sight.

The bird hunters of this county are rising from to interesting sport. The law expires the 15th of this month, and the boys have already begun preparations for the winter. It is said that in some portions of Adair county birds are very plentiful.

D. R. Hoovers, Third Stage Labor, Primary Diarr. Fractures.

The giving way of a culvert on the road between Burkesville and Glasgow last week precipitated the stage and several passengers over an embankment. The driver and all the passengers were hurt, but no one very seriously.

We have heard expressions from a number of farmers in the past week in regard to the corn crop now being gathered. It is almost the unanimous opinion that it is the best crop that has been grown for years. The prospect for the wheat crop at this time is fine throughout the county.

Mr. R. E. Newby, who purchased Mr. Gordon Montgomery's property, will remove from Cumberland county in a very short time. He is said to be an excellent gentleman with an interesting family. He will be given a hearty welcome.

The work on the college building is being detained, the stone running out of material. They lack three squares of having stone sufficient to finish the work. The work on the inside cannot be advanced until the roof is completed. An order for stone has gone out and it will doubtless arrive in a few days.

Rev. W. C. Clements preached two interesting sermons at the Presbyterian church last Sunday forenoon and evening. He is an able, forcible speaker and the members of his Church and the community generally are well pleased with him. He has only been here a few weeks, but he is making friends all. His pupils at M. S. F. High School are perfectly delighted with him.

DRAD AT SEVENTY YEARS.

Last week at Rowena, Russell county, the estimable wife of Mr. B. P. Rowe, who has been in declining health several years, peacefully met her God. She was seventy years of age, as we have been informed, and since early womanhood was a devoted member of the Christian church. She was the oldest sister of Eld. Z. T. Williams, of Morehead, who was present when the end came. The funeral discourse was preached Wednesday, Eld. F. J. Barger officiating, many friends and relatives being present. The deceased was the mother of Mr. W. T. McFarland's first wife, this county.

To the husband, who has been bereft in his declining years, and all the other relatives, The Adair County News extends its sympathy.

A suit was filed in the Adair Circuit Court last Monday by Hunter's friends to require the clerk of the Adair county court to deliver to the election officials the ballots with the name of Hunter under the cabin, and a motion for an injunction was argued before Judge W. W. Jones by Rollin Hurt, attorney for Hunter, and James Garrett, Jr., attorney for Edwards. The court refused to grant an injunction and held that J. S. Cooper and his committee have the right to deliver the ballots to the State Central Committee as authorized, therefore Edwards has no authority, and the clerk of the county should deliver the ballots with the name under the cabin. J. S. Cooper was present and stated with the same. It was said that the clerk of Russell county had delivered ballots with the name of Hunter under the cabin, and Mr. Cooper and Mr. Garrett, made preparations to take action against the clerk of Russell to have him withdrawn the Russell ballots and send out to the election officials Edwards ballots.
